# Sounds of Silence

Simon & Garfunkel

04/03/14

Hello darkness, my old friend

I've come to talk with you again

Because a vision softly creeping

Left its seeds while I was sleeping

And the vision that was planted in my brain

Still remains

Within the sound of silence

AM

"Fools", said I, "You do not know

Silence like a cancer grows

Hear my words that I might teach you

Take my arms that I might reach you"

But my words, like silent raindrops fell

And echoed

In the wells of silence

In restless dreams I walked alone

Narrow streets of cobblestone

'Neath the halo of a street lamp

I turned my collar to the cold and damp

When my eyes were stabbed by the flash of

a neon light

That split the night

And touched the sound of silence

AADD9

And the people bowed and prayed

To the neon god they made

And the sign flashed out its warning

In the words that it was forming

And the sign said, "The words of the

prophets are written on the subway walls

And tenement halls"

And whispered in the sounds of silence

And in the naked light I saw

Ten thousand people, maybe more

People talking without speaking

People hearing without listening

People writing songs that voices never

share

And no one dared

Disturb the sound of silence

So, so you think you can tell,

Am G  
Heaven from Hell, blue skies from pain.

D C Am  
Can you tell a green field from a cold steel rail, a smile from a veil,

G  
Do you think you can tell?

C D  
And did they get you to trade your heroes for ghosts,

Am G D  
Hot ashes for trees, hot air for a cool breeze, cold comfort for change,

C Am G  
And did you exchange a walk on part in the war for a lead role in a cage?

Intro:

/ Em / G / Em / G / Em / A / Em / A / G / G /

C D  
How I wish, how I wish you were here.

Am G  
We're just two lost souls swimming in a fish bowl, year after year,

D C  
Running over the same old ground, what have we found?

Am G  
The same old fears. Wish you were here
